VIRTUS Training, Background Check, and Fingerprinting

NEW EMPLOYEES must complete both a manual fingerprint and an electronic background check at time of employment with no further requirement for a manual fingerprint completed in the future; with the exception of school employees. The electronic background checks are done through SELECTION.COM. Employees are also required to attend a VIRTUS training session.

CURRENT EMPLOYEES must sign up for electronic background checks through SELECTION.COM within 5 years of their last manual fingerprinting or December 31, 2018, whichever is sooner.

VOLUNTEERS must complete a background check through SELECTION.COM, our background check provider. Volunteers are also required to attend a VIRTUS training session and comply with the monthly VIRTUS on-line updates to maintain an active status. Parents and guardians should be aware that the parish monitors approvals of the volunteer requirements. Approvals generally take approximately two weeks following completion of both requirements and volunteers will not be permitted to work with minors until the approvals are in place. Additionally, volunteers who fall behind on reading the monthly updates are not permitted to work with minors.

The background check is now being monitored electronically on a quarterly basis, so you are now able to volunteer / work anywhere within the Archdiocese of Cincinnati. It is your responsibility, to make sure your contact information is current and the list of locations in your VIRTUS account is current.
