

Dear _____,

My church is inviting neighbors and loved ones to a “Come and See” night, and I thought that you might possibly be interested. This is a gentle invitation that requires no response. However, if you are curious or definitely interested, you may contact the church directly or just show up! Of course, I would be happy to discuss with you why I chose St. Vincent Ferrer Catholic Church as the place where I worship and give thanks to God. Please give this some thought.
